(Pobal Choláiste Neasáin Naofa)

Acceptable Use Policy

December 2007

SCHOOL PHILOSOPHY/MISSION STATEMENT

St Nessian's Community College is a non-denominational, co-educational school. It is comprehensive in its intake and in its curricular provision.

St Nessian's Community College is committed to maintaining an educational environment where the growth, learning and development (Fás, Foghlaim, Forbairt – school motto) of our students can flourish.

To further the aims of St Nessian's as expressed in the mission statement:

- The pursuit of high standards in all endeavours will be expected and every effort will be directed towards the attainment of such standards.
- The school will do its utmost within its resources to provide appropriate opportunities so that every individual has the opportunity to gain maximum benefit from their experience in St Nessian's.
- The rights, responsibilities and dignity of all individuals within the school community will be respected. However, the Common Good takes precedence where there is a conflict between individuals.

Acceptable Use Policy

The aim of this Acceptable Use Policy is to ensure that pupils will benefit from learning opportunities offered by the College's Internet resources in a safe and effective manner. Internet use and access is considered a school resource and privilege. Therefore, if the College's Acceptable Use Policy is not adhered to this privilege will be withdrawn and appropriate sanctions – as outlined in the Acceptable Use Policy – will be imposed.

It is envisaged that College and parent representatives will revise the Acceptable Use Policy annually.

College's Strategy

The College will employ a number of strategies in order to maximise learning opportunities and reduce risks associated with the Internet. These strategies are as follows:

- ◆ The use of personal storage devices e.g. Flash Drives, Floppy Disks or CD-ROMs in school requires a teacher's permission.
- ◆ Students will observe good 'netiquette' (i.e. etiquette on the Internet) at all times and will not undertake any actions that may bring the school into disrepute.

- ◆ Students will use the Internet for educational purposes only.
- ◆ Students will be familiar with copyright issues relating to online learning.

Dear Parent/Guardian,

RE: Internet Permission Form

As part of the school's education programme we offer pupils supervised access to the Internet. This allows students access to a large array of online education resources that we believe can greatly enhance students' learning experience.

However, access to and use of the Internet requires responsibility on the part of the user and the school. These responsibilities are outlined in the school's Acceptable use Policy (enclosed). It is important that this enclosed document is read carefully, signed by a parent/guardian and returned to the school.

Although the school takes active steps to promote safe use of the Internet, it recognises the possibility that students may accidentally or deliberately access inappropriate or objectionable material.

The school respects each family's right to decide whether or not to allow their children access to the Internet as defined by the school's Acceptable Use Policy.

Having read the terms of our school's Acceptable Use Policy, you may like to take a moment to consider how the Internet is used in your own home, and see if there is any way you could make it safer for your own family.

Yours sincerely,

Eugene O'Brien, Principal
